

Guest Guidelines

Instructions for hosts:

Please print a copy of the following guest safety guidelines and post it in your space for your guests.

These guidelines are recommended by the CDC to help stop the spread of COVID-19.

Help limit the spread

According to the CDC, the coronavirus mainly spreads through person-to-person contact. Here's how you can limit your exposure during your booking.

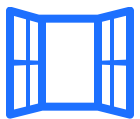

Maintain physical distance

The golden rule is to stay at least six feet apart from anyone you do not live with.

Wear a mask

All attendees should wear a mask that covers both their nose and mouth while indoors or in close proximity to one another.

Open windows and doors

Increasing outdoor air ventilation can help minimize risk. If there's outdoor space, stay outside if you can.

Wash your hands

And frequently. Use warm water and soap and wash for at least twenty seconds. If water and soap are not available, use a hand sanitizer with at least 60% alcohol.
